

**Integrating Strategies to Address Gender-based Violence and Engage Men and Boys to Advance Gender Equality through National Strategic Plans on HIV and AIDS**

**Country Action Plan – Template**

- 1) Identification of priority country policy **strengths** (to be built on) and **priority gaps** (to fill) – informed by policy scan tool and the key concepts session
- 2) Identification of key **interventions** to address these gaps (evidence, examples of good practice, examples of NSP ‘content’, tools, etc) – informed by the strategy sessions and the Gender Roadmap

<b>Key Strengths</b>	<b>Priority Gaps</b>	<b>Key intervention / entry point</b>
China’s policy already strength the importance of PMTCT. And now UN have started PPTCT.	The policy is lack of male engagement, especially father and husbands.	Enhance and encourage the role duty of fathers and husbands.
China Action Plan mentioned the importance of promotion, as “Expand the coverage of IEC to create conducive social environment.	Lack of gender lens.	Add the male( boys and men) angle in the promotion.
China action plan has already mentioned the prevention of spread the condom using.	Hasn’t mention the men and boys lens yet.	Research on men’s attitudes towards condom use. Changing men’s attitudes towards condom use.

- 3) Identification of an **advocacy process** and steps to push for the integration of identified interventions, using strategic entry points, partnerships, targets, need for further evidence, etc – informed by Gender Roadmap / compendium of resources
- 4) Identification of **technical support** needs for carrying out process

<b>Actions</b> (What do you need to do to initiate advocacy on these areas? – eg more research? Advocacy tools, meetings, etc)	<b>Advocacy Messages</b> (What is the key change you want to see, and the rationale for this change?)	<b>Partnerships</b> (who else – nationally and regionally – is working on this area and could strengthen your position if you work together?)	<b>Advocacy targets and Strategies</b> (who do you want to reach, and how?)	<b>Technical support</b> (What tools, resources, organizations or people are available to support these efforts?)
Add a “father duty” through PMTCT and “Husband duty” through it too.	Not only the doctors and mothers engage in it. But also fathers and husband, as a family member to take the duty.	CDC. Women Federation.	WHO: Interanational agency. Ministry of health. Women federation. HOW: send mails, hold a meeting, advocate, face to face talking.	A, fond. B, the training from overbroad experience. C, offer information D, experts support
A, off line training B, the social media’s promotion	A, training over than 1 million students to get the knowledge (every year.) B, encourage the college students to get a VCT test.	Ministry of education League center	Ministry of education	A, New Media B, social Media C, social network D, fond
Strengthen the duty of the male in using condom, Supply the using of female condom free of charge. Strengthen the men’s aware of negotiations with female.	A, up the percent of rate of male’s condom using. B, add a new option for female( the female condom)	CDC Women Federation	WHO: Interanational agency. Ministry of health. Women federation. HOW: send mails, hold a meeting, advocate, face to face talking.	A, fond. B, the training from overbroad experience. C, offer information D, experts support
