

**Integrating Strategies to Address Gender-based Violence and Engage Men and Boys to Advance Gender Equality through National Strategic Plans on HIV and AIDS**

**Country Action Plan – Template**

- 1) Identification of priority country policy **strengths** (to be built on) and **priority gaps** (to fill) – informed by policy scan tool and the key concepts session
- 2) Identification of key **interventions** to address these gaps (evidence, examples of good practice, examples of NSP ‘content’, tools, etc) – informed by the strategy sessions and the Gender Roadmap

<b>Key Strengths</b>	<b>Priority Gaps</b>	<b>Key intervention / entry point</b>
National Program is evidence based and includes gender sensible principles	Interventions to create supportive legal and policy frameworks to prevent and redress all forms of violence against women, including in intimate partner settings	-Politicians/public officials awareness on GBV - Elaborate gender based violence action plans
Post-exposure prophylaxis available within 72 hours/emergency contraception/psycho-social support/ access to voluntary, safe, and comprehensive termination of pregnancy care and services	Women’s economic empowerment and gender equality interventions to reduce gender-based violence	- Program development for economic empowerment of women (training and informing) - Women leadership skills development and involvement into the decision making process
Legal reform to criminalize marital rape	Engaging men to advance gender equality and prevent GBV	Involvement of mass –media as a partner in promoting gender equality through campaigns on family violence, stigma of women that live with HIV etc.

- 3) Identification of an **advocacy process** and steps to push for the integration of identified interventions, using strategic entry points, partnerships, targets, need for further evidence, etc – informed by Gender Roadmap / compendium of resources
- 4) Identification of **technical support** needs for carrying out process

<b>Actions</b> (What do you need to do to initiate advocacy on these areas? – eg more research? Advocacy tools, meetings, etc)	<b>Advocacy Messages</b> (What is the key change you want to see, and the rationale for this change?)	<b>Partnerships</b> (who else – nationally and regionally – is working on this area and could strengthen your position if you work together?)	<b>Advocacy targets and Strategies</b> (who do you want to reach, and how?)	<b>Technical support</b> (What tools, resources, organizations or people are available to support these efforts?)	<b>Dead lines</b>
